Measure B funds will address buildings still in need of upgrades and repairs in order to meet current codes for earthquakes, fire, and safety. In order to maintain and enhance the quality education COM provides, many of the oldest classrooms, labs, and vocational education facilities must be upgraded as well.

For 90 years COM has remained committed to educational excellence, providing equitable opportunities, and fostering success in all members of its diverse community. Today, COM serves over 13,000 students annually in its credit, noncredit, and community education programs. Currently, 62 associate degrees, 24 certificates of achievement, and 20 skills certificates are offered.

With student success as the number one priority, the College prepares students to transfer to four-year colleges and universities, and has one of the highest transfer rates to UC Berkeley in the state. COM helps keep the local economy thriving by providing job training and skill enhancement for thousands of workers each year. Students of all ages have affordable access to an exciting variety of credit and noncredit courses, as well as community education classes for lifelong learning.

The high-quality education and training is made possible by faculty and staff who are committed to excellence.
