

BP 3720 INFORMATION TECHNOLOGY USE

References:

Education Code Sections 72400 and 82542

The District's information technology resources, including computers, networks, and learning management systems, are intended for academic and administrative use. Anyone who uses District information technology resources and the information they contain, and related resources has a responsibility to use those resources in an acceptable manner and to respect the rights of others. The Superintendent/President shall establish procedures that provide guidelines to users for the appropriate use of the District's information technologies. The procedures shall include that users must respect software copyrights and licenses, respect the integrity of information technology-based information resources, refrain from seeking to gain unauthorized access, and respect the rights of other users of information technology.
