# Dissertation Research: SEP Participation and Adherence among First-Time COM Students

Holley Shafer, Ed.D.

Director of Institutional Effectiveness

January 18, 2022

### Background and Policy

- Title IV Mandate-2012 Student Success Act
- Student Success and Support Program (SSSP)
- Guided Pathways (4 pillars)
  - 1) Clarifying pathways to student completion goals;
  - 2) Helping students choose and enter a pathway;
  - 3) Helping students stay on the pathway; and
  - 4) Ensuring students are learning.
  - Also: Eliminating equity gaps

### Research Questions

- 1. What proportion of first-time community college students have developed Student Educational Plans (SEPs) prior to their first semester of attendance?
- 2. Are students' demographic backgrounds, educational goals, and participation in student success programs related to development of Student Educational Plans?
- 3. To what extent do first time community college students adhere to their assigned Student Educational Plans during the first year of attendance?
- 4. How are students' demographic backgrounds, educational goals, and participation in student success programs related to adherence to their Student Educational Plans?
- 5. Are there assigned courses and/or requirements listed in students' SEPs that have relatively high rates of nonadherence?

### Study Design

- Study Population
  - First-time COM Students, Fall 2017, Fall 2018, Fall 2019 (N=1,142)
  - Degree seeking (Educational goal of degree or transfer)
- Quantitative Measures
  - Participation Proportion of students with an SEP in place at the start of their first semester of attendance
  - Adherence Proportion of assigned units student enrolled in during first Fall and Spring
- Limitations
  - Study answers "WHAT" not "WHY"
  - Quality of data
  - Some missing data
  - AB705 implementation

### Results—SEP Participation

- Analysis: linear probability regression model
  - Significantly <u>higher</u> participation among **females**; **EOPS** students; students in **learning communities**
  - Significantly <u>lower</u> participation among **Hispanic/Latino/x** students (compared to African/American/Black students)
  - No significant effect for first generation, economically disadvantaged, educational goal high school GPA, Summer Bridge participation

Table 3. SEP Participation Rates

|                                      | Students with | SEP           |
|--------------------------------------|---------------|---------------|
|                                      | SEP at First  | Participation |
| Variable Name                        | Enrollment    | Rate (%)      |
| Total                                | 704           | 62            |
| Race/Ethnicity                       |               |               |
| Black or African American            | 36            | 75            |
| Two or more races                    | 40            | 65            |
| White                                | 259           | 64            |
| Asian or Pacific Islander            | 51            | 63            |
| Hispanic                             | 300           | 58            |
| Other Race/Unknown/Unreported        | 18            | 53            |
| Gender                               |               |               |
| Female                               | 334           | 66            |
| Male                                 | 360           | 59            |
| Unknown/Unreported                   | 10            | 53            |
| Economically Disadvantaged Status    |               |               |

Adherence: Total Units Taken In-Plan vs. =20.5\_/ 25 = 0.82
Total Units Assigned

#### Results—SEP Adherence

- Analysis: Ordinary Least Squares (OLS) regression model
  - Significantly <u>higher</u> adherence among EOPS students; students in learning communities; students participating in Summer Bridge; those with higher GPA
  - Significantly <u>lower</u> adherence among students with educational goal of transfer only; first-generation students
  - No significant effect for race/ethnicity; gender; economically disadvantaged

#### Table 8. Mean SEP Adherence by Subgroup

|  | All Students | Mean      |
|--|--------------|-----------|
| Variable Name                                | with SEPs    | Adherence |
| Total  | 413          | .79       |
| Race/Ethnicity                               |              |           |

| Not a Summer Bridge participant              | 336          | .78       |

#### Results—Course Nonadherence

- 629 assigned first-year courses students did not enroll in
- 13 courses accounted for 43% of nonadherence

Table 10. SEP-Assigned Courses with Highest Number of Non-Adhered Enrollments

| Course  | N Assigned<br>Not Enrolled | Percent of All<br>Non-Adhered<br>Courses |
|---|----------------------------|--|
| MATH 115 - Probability and Statistics                     | 55                         | 9%                                       |
| ENGL150 - Reading and Composition (1A)                    | 38                         | 6%                                       |
| ENGL151 - Reading and Composition (1B)                    | 35                         | 6%                                       |
| BIOL110 - Introduction to Biology                         | 20                         | 3%                                       |
| SOC110 - Introduction to Sociology                        | 18                         | 3%                                       |

| COMM100 - Introduction to Communication & Speech          | 39                                   | 9%  |

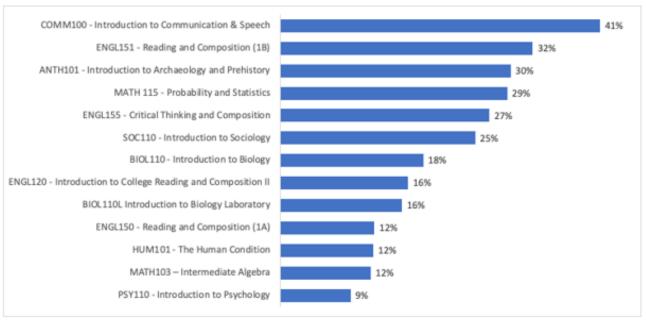

Figure 6. Nonadherence Rates for Specific SEP-Assigned Courses

#### Conclusions

- Some disparities in SEP participation and adherence among traditionally underserved groups remain, but efforts to address these gaps through retention/success programs with strong matriculation support appear to be succeeding for those who participate in them.
- Failure to enroll in first-year required English and Math courses accounts for a substantial proportion of nonadherence, potentially derailing students from their completion goals.
