Meets twice each month, Tuesday afternoons.

The Planning and Resource Allocation Committee provides oversight and makes recommendations for institutional planning and resource allocation, linking program reviews and strategic planning to the resources needed to accomplish College goals and ensuring antiracist practices, equity, and access are embedded in all recommendations. PRAC embraces its responsibility to dismantle systems and ideologies that perpetuate inequities and white supremacy, replacing them with intentionally anti-racist policies and plans designed to eliminate equity gaps. The committee reviews all plans and recommendations made by participatory governance committees and ensures their compliance with Board policy and planning priorities.

For the purposes of our work, the following definition of Anti-Racist is applied: Any policy, idea, or funding decision that produces or sustains racial equity in educational outcomes by intentionally dismantling systems and ideologies rooted in white supremacy. Anti-racism recognizes not all existing policies, ideas, or decisions are intentionally designed as racist but may produce racial disparities in educational outcomes for historically marginalized groups nonetheless.

While broad, this definition offers a measurable metric to assess programs and make data-informed decisions along the path to equity.
