College of Marin

Online Tutoring and Labs

COM tutoring and lab services have moved online during the Fall 2020 semester. All tutoring and labs services take place in Zoom. Click the desired tutoring or lab link below to find more information such as available hours, how to sign up for a session, and Zoom meeting details.

⊞ CIS Lab Online
(https://marin.instructure.com/courses/13716/pages/online-cis-lab)

The CIS Lab provides assistance with Computer Information Systems assignments. All lab sessions are held in Zoom.

▦ Math Lab Online
(https://marin.instructure.com/courses/13716/pages/online-math-lab)

The Math Lab offers free math tutoring for currently enrolled students. All lab sessions for the Fall semester are offered via zoom.

Reading/Writing Lab & OWC
(https://marin.instructure.com/enroll/M46R7Y)

The Reading and Writing Lab (RWL) and Online Writing Center (OWC) are resources for all readers and writers, not just students working on papers for English courses.

👥 Tutoring & Learning Center Online
(https://marin.instructure.com/courses/13716/pages/online-tutoring-and-learning-center)

The TLC offers free peer-tutoring for currently enrolled students in a variety of subjects including biology, business, chemistry, foreign languages, medical assisting, math and more!

Information about tutoring and labs is also located on the College of Marin website.

After Hours and Weekend Tutoring

Students who are unable to access COM tutors and labs during normal business hours, also have access to NetTutor—a free tutoring service provided by the California Community College Chancellor's Office. NetTutor can be accessed from your Canvas course(s). If you do not see a NetTutor link on your course menu, contact your instructor.
