MATH PLACEMENT PROCESS

Math courses will be determined by your major. See a counselor for advice.

(1) Placement by High School GPA and Requirements

All C courses are 0.5 unit, non-transferable support courses linked with a parent math course. For example, a student who places into MATH 115C must also enroll in MATH 115.

(2) Math Self-Placement Tool

If it has been 10 or more years since you graduated from high school, please complete the [Math Self-Placement tool](#). You need your M00# to use the tool.

(3) Prerequisite Challenge Process

Complete the Prerequisite Challenge form in your MyCOM portal. See the [form](#) for details.

(4) Placement by Exams

If you have taken an Advanced Placement (AP) exam and received a score of 3 or higher for Calculus AB or Calculus BC (see the catalog for the Advanced Placement Chart for College of Marin Credit), it may improve your placement level. Please consult with a COM counselor before proceeding further.

(5) Prerequisite Equivalency

Completion of an equivalent course at College of Marin or another post-secondary accredited institution in the subject area (verified by a transcript). Fill out the Prerequisite Equivalency form in your MyCOM portal. See the [form](#) for details.
