

System Maintenance: Friday August 26th, 9:30PM

Patrick Ekoue-totou <PEkoueTotou@marin.edu>

Fri 8/26/2022 9:00 AM

Dear Users :

Working with our data network partner CENIC, will be switching our Kentfield Internet traffic onto an improved circuit with higher bandwidth **tonight at 9:30PM**. We are expecting a couple minutes disruption **within the Kentfield campus**. All critical services should be online and running.

Thank you for your patience as we work through these upgrades.

Patrick Ekoue-totou, Ph.D.
