Program and All COM Course Enrollment Percent by Race/Ethnicity and Term

All COM Course Enrollment Percent

Credit course enrollments include students enrolled on first census day and those at the end of the term who received a grade in a course. Course enrollment is not an unduplicated student headcount. A student is counted once for each course enrolled.

*Spring 2020 course enrollment, retention and success numbers may be impacted by the COVID-19 pandemic and transition to remote learning. Students electing to receive an Early Withdrawal ("EW") grade <u>are</u> included in Spring 2020 course enrollment numbers. In course retention and success calculations, EW grades are treated as the same as a traditional "W" grade: "not retained" and "not successful" enrollments, though they are not included in students' GPA calculation.
